

## Accuracy of Hitting Drill

- |   |
|---|
| 1. Put rocks on T line, just touching <b>OUTSIDE</b> edge of ring. Instructor gives correct ice. Have normal swing to be fair to all. |
| 2. Suggest Player A throw 5 rocks of one turn then Player B throw 5. Repeat with other turn. Can do 2 only then rotate.               |
| 3. Suggest Coach and a recorder helper. Only two players per sheet. Time may be a factor again. Get <b>LOTS</b> of helpers.           |
| 4. <b>SCORING</b> - 3 pts - Hit and shooter stay. 2 pts - Hit and shooter roll out. 1 pt - Barely move the stationary rock.           |
